

Baby Patent – where the innovations are born! The company was born with the launch of the baby bath on the market. Aquascale digital baby bath has a worldwide success. Presenting the new product - the Smart Potty, they made a new step forward in the world of technology, design and style, with the goal to assure best experiences in using each product.

AQUASCALE

POTTY

**AQUA SCALE™
3 IN 1 DIGITAL BABY BATH**

Aqua Scale is the first multifunctional baby bath that contains 3 products in one. The bath, the scale and the thermometer.

In addition to the classic bath, allows the parents to weigh the child easily and control constantly the water temperature during bathing.

Baby bathing has never been so simple!

Designed to simplify the life of each day.

DIGITAL SCALE

BABY BATH WITH A ERGONOMIC
SHAPE AND WITH AN ANTI-SLIP
FEATURE

WATER THERMOMETER

DIGITAL SCALE

- Baby can be weighed with OR without water
- Calculates baby's precise weight adjusting for water and movement
- Displays baby's precise weight down to the ounce (or grams)
- Display Converts from Pounds + Ounces to Kilograms (LB: OZ to KG) conversion
- Memory reading functions - stores baby's previous weight

WATER THERMOMETER

- Water Thermometer ensures water is not hot or too cold
- Continuously monitors & displays water temperature on LCD
- Display converts from Fahrenheit to Celsius conversion

BABY BATH

- Anti-slip pad keeps baby securely in place & provides extra comfort to infant
- Two positions - Converts from newborn to toddler

**DON'T WASH IT, DON'T SMELL IT,
DON'T TOUCH IT,
JUST FLUSH IT!**
